SUPPLEMENTARY INFORMATION:

Agenda

The Scientific and Statistical Committee sub-panel will convene to examine closed-loop simulation results of the Prototype Management Strategy Evaluation (pMSE) for Ecosystem-Based Fishery Management. Operating model scenarios will be based on a Georges Bank 10-stock, 3-fleet operating model with trophic interactions. The sub-panel will formulate suggestions for the pMSE team to improve the final results. The Council may also take these recommendations into account for a potential full MSE in the future.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465–0492, at least 5 days prior to the meeting date.

[Docket No. CP23–214–000]

Columbia Gas Transmission, LLC; Notice of Application and Establishing Intervention Deadline

Take notice that on April 21, 2023, Columbia Gas Transmission, LLC (Columbia), 700 Louisiana Street, Suite 1300, Houston, Texas 77002–2700, filed an application under section 7(b) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations requesting authorization for its Greenwood and North Greenwood Storage Fields Abandonment Project (Project). The Project consists of abandoning Columbia's Greenwood and North Greenwood Storage Fields, including all associated facilities and base gas, all located in Steuben County, New York. Columbia states that the Project will serve to lower the overall safety risk to its system and reduce future integrity and location risk in alignment with the Pipeline and Hazardous Materials Safety Administration (PHMSA) Storage Final Rule (Docket 2016–0016).¹ Columbia estimates the total cost of the Project to be \$18.5 million, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

Water Quality Certification

Columbia's application states that a water quality certificate under section 401 of the Clean Water Act is required for the project from the New York Department of Environmental Conservation (NYSDEC).² The request for certification must be submitted to the certifying agency and to the Commission concurrently. Proof of the certifying agency's receipt date must be filed no later than five (5) days after the request is submitted to the certifying agency.
